

EMT

(555) 010-0000 · you@example.com · City, ST · linkedin.com/in/your-name

SUMMARY

Nationally registered EMT with four years in 911 and interfacility transport, skilled in rapid patient assessment, BLS interventions, and clear PCR documentation across a high-volume urban system.

EXPERIENCE

Emergency Medical Technician (EMT-B), Regional Ambulance Service 2021 – Present
City, ST

- Responded to 1,800-plus 911 calls a year as primary BLS provider, maintaining an average on-scene-to-transport time under nine minutes.
- Performed patient assessments and BLS interventions including airway management, hemorrhage control, and spinal motion restriction per state protocol.
- Assisted paramedics on ALS calls with IV setup, 12-lead acquisition, and medication preparation across 500-plus advanced runs.
- Documented complete, legally defensible patient care reports for every transport with a 99% QA-audit pass rate.
- Operated the ambulance under emergency conditions with a clean driving record across 40,000-plus response miles.
- Delivered CPR and AED care on 25-plus cardiac arrests, contributing to four field returns of spontaneous circulation.
- Restocked and checked rig inventory each shift, keeping all expirables current and equipment mission-ready.

EMT, Interfacility Transport, County Medical Transport 2020 – 2021
City, ST

- Transported 12 to 15 stable and critical patients per shift between hospitals, dialysis centers, and skilled-nursing facilities.
- Monitored vitals, oxygen, and patient comfort during transport, escalating any status change to the receiving team.
- Completed accurate handoff reports using SBAR, reducing receiving-nurse clarification calls.
- Maintained strict infection-control practices, including isolation precautions for communicable cases.
- Coordinated lift-assist and safe-transfer techniques to prevent patient and crew injury.
- Kept the BLS unit fully stocked and compliant with daily ambulance-inspection checklists.

EDUCATION

EMT-Basic Certificate Program, Completed clinical and field-internship hours; certified in CPR for the healthcare provider. 2020

Community College — City, ST
