

# Licensed Practical Nurse

(555) 010-0000 · you@example.com · City, ST · linkedin.com/in/your-name

## SUMMARY

---

Detail-driven licensed practical nurse with five years in skilled-nursing and clinic settings, trusted with a 20-resident medication pass, complex wound care, and the daily supervision of certified nursing assistants under RN direction.

## EXPERIENCE

---

### Licensed Practical Nurse, Cedar Ridge Skilled Nursing Facility

2022 – Present

*City, ST*

- Deliver a scheduled and PRN medication pass for up to 20 long-term-care residents per shift, charting each administration in PointClickCare without missed doses.
- Manage stage-two through stage-four pressure-injury wound care, completing measurements and dressing changes that contributed to a 19 percent drop in facility wound counts.
- Direct and check the work of four certified nursing assistants per shift, balancing toileting, ADL, and vitals tasks across a 40-bed wing.
- Run finger-stick glucose checks and sliding-scale insulin for a 12-resident diabetic cohort, escalating out-of-range values to the charge RN.
- Caught and reported early sepsis indicators on three residents, prompting timely physician orders and avoided hospital transfers.
- Maintained 24-hour report and incident documentation that passed two consecutive state survey reviews with no medication-related citations.

### LPN, Outpatient, Family Health Clinic

2021 – 2022

*City, ST*

- Roomed and triaged 30-plus patients daily, capturing vitals, medication reconciliation, and chief complaint in the clinic EHR.
- Administered immunizations and allergy injections per protocol, logging lot numbers and observation times to standard.
- Performed wound checks, suture removals, and ear lavage within LPN scope under the supervising provider.
- Coordinated prior authorizations and referral paperwork that cut average specialist scheduling time by two business days.
- Drew blood and ran point-of-care testing for roughly 35 patients a week, routing results to the provider for same-visit decisions.
- Documented telephone-triage advice from provider standing orders, closing patient callbacks within the clinic's same-day target.

## EDUCATION

---

### Practical Nursing Diploma

2020 – 2021

*Community Technical College — City, ST*
