

Registered Nurse

(555) 010-0000 · you@example.com · City, ST · linkedin.com/in/your-name

Summary

Acute-care registered nurse with six years across telemetry and progressive-care units, fluent in Epic charting, comfortable at a 4:1 to 5:1 ratio, and trained to run rapid-response and code situations as primary nurse.

Experience

Registered Nurse, Telemetry, Regional Medical Center

2021 – Present

City, ST

- Hold a steady 5:1 assignment on a 32-bed cardiac step-down floor with no reportable medication errors logged over eighteen months.
- Cut the unit's patient-fall index by 22 percent after rolling out a structured hourly-rounding handoff among the day team.
- Served as primary nurse on more than 40 rapid-response and code-blue activations, leading bedside coordination until the team arrived.
- Precepted six newly licensed graduate nurses through a twelve-week unit orientation, with all six clearing competency sign-off on schedule.
- Documented cardiac rhythm changes and titrated drips for a 16-patient day in Epic while passing every quarterly chart audit at 100 percent.
- Lifted HCAHPS nurse-communication marks for the pod from 78 to 91 over four reporting quarters by standardizing bedside-shift report.

Registered Nurse, Medical-Surgical, Valley Community Hospital

2019 – 2021

City, ST

- Carried a 6:1 med-surg load on a 28-bed unit spanning post-operative, oncology overflow, and general medicine admissions.
- Reduced catheter-associated urinary tract infections to zero across two consecutive quarters by enforcing daily line-necessity reviews.
- Started and managed peripheral IV access on roughly 25 patients per week, escalating difficult sticks to the vascular team appropriately.
- Coordinated discharge teaching for 120-plus patients a quarter, trimming 30-day readmissions on the unit by a measured 14 percent.
- Administered blood products and high-alert medications with double-verification, completing the cycle with zero transfusion reactions reported.
- Floated to the post-anesthesia care unit during surge weeks, recovering surgical patients and clearing them to the floor per discharge criteria.

Education

Bachelor of Science in Nursing (BSN)

2015 – 2019

State University — City, ST
